

TMDb Account creation & Registering for API Key

1. Create a TMDb account at <https://www.themoviedb.org/signup>

The screenshot shows the TMDb sign-up page. At the top is a navigation bar with 'TMDb' logo, 'Movies', 'TV Shows', 'People', 'More', a plus icon, a language dropdown set to 'EN', 'Login', 'Join TMDb', and a search icon. Below the navigation bar, on the left, is a blue box titled 'Benefits of being a member' containing a list of seven benefits with checkmarks. To the right of this box is the 'Sign up for an account' section. It includes a sub-header, a paragraph explaining that sign-up is free and easy and requires JavaScript, and a form with four input fields: 'Username', 'Password (4 characters minimum)', 'Password Confirm', and 'Email'. Below the form is a paragraph stating that clicking 'Sign up' certifies the user has read and agreed to the terms of use and privacy policy. At the bottom of the sign-up section are two buttons: 'Sign Up' (blue) and 'Cancel' (light blue).

Benefits of being a member

- ✓ Find something to watch on your subscribed streaming services
- ✓ Log the movies and TV shows you have watched
- ✓ Keep track of your favourite movies and TV shows and get recommendations from them
- ✓ Build and maintain a personal watchlist
- ✓ Build custom mixed lists (movies and TV)
- ✓ Take part in movie and TV discussions
- ✓ Contribute to, and improve the information in our database

Sign up for an account

Signing up for an account is free and easy. Fill out the form below to get started. JavaScript is required to continue.

Username

Password (4 characters minimum)

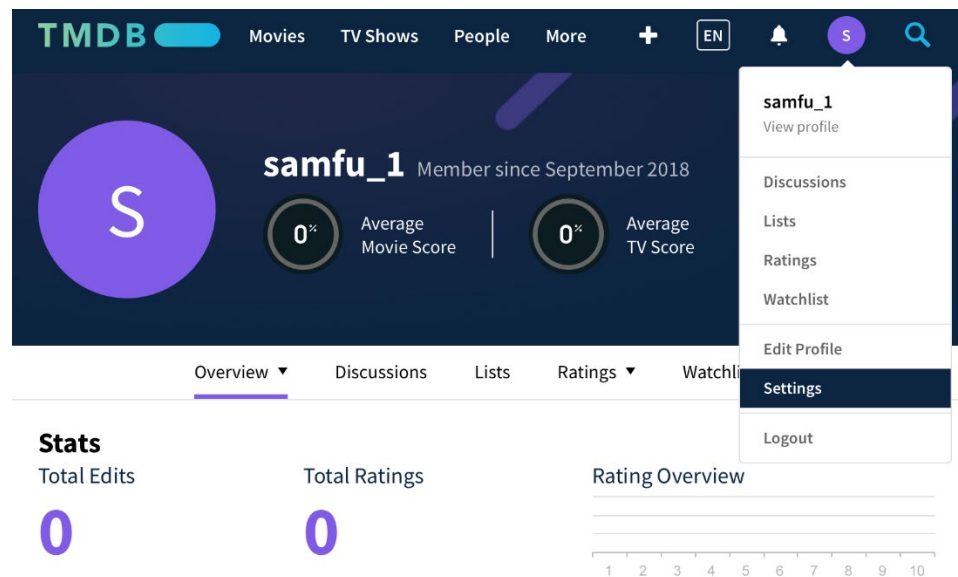

Password Confirm

Email

By clicking the "Sign up" button below, I certify that I have read and agree to the TMDb terms of use and privacy policy.

Sign Up Cancel

2. After signing up, you need to request an API Key. To do so, log into your TMDb account and click *Settings*

3. Most Watched Genres

4. Click *API* on left panel, and request the API key by generating it.

The screenshot shows the TMDb website's API Overview page for a user named 'gburdell3'. The top navigation bar includes links for Movies, TV Shows, People, and More, along with a search icon and a language selector set to 'EN'. The user's profile picture and name are displayed. On the left, a 'Settings' sidebar lists various account management options, with 'API' highlighted in blue. The main content area is titled 'API' and has sub-tabs for 'Overview' (selected) and 'Create'. The 'Overview' section contains text about the API service, a link to documentation at developers.themoviedb.org, a link to support forums, and a link to request an API key.

API Overview Create

TMDb offers a powerful API service that is free to use as long as you properly attribute us as the source of the data and/or images you use. You can find the logos for attribution [here](#).

Documentation

Our primary documentation is located at developers.themoviedb.org.

Support

If you have questions or comments about the information covered here, please create a post on our [support forums](#).

Request an API Key

To generate a new API key, [click here](#).

5. Select “Developer” when asked about the type of API key that you wish to register for. Accept the terms of use.

This screenshot shows the 'Create' sub-tab of the TMDb API page. The layout is similar to the previous one, but the 'Create' sub-tab is selected. The main heading asks 'What type of API key do you wish to register?'. There are two options presented in rounded boxes: 'Developer' (with a person icon) and 'Professional' (with a building icon). The 'Developer' option lists four criteria: being an individual, project in development, non-profit, or ad-supported. The 'Professional' option lists three criteria: representing a company, for-profit project (not ad-supported), or being an OEM/hardware vendor.

- Delete Account

API Overview **Create**

What type of API key do you wish to register?

Developer

- You are an individual
- Your project is still in development
- Your project is non profit
- Your project is ad supported

Professional

- You represent a company
- Your project is for profit (not ad supported)
- You are an OEM or hardware vendor

6. You should see the following form next.

The screenshot shows the TMDb API registration form. The top navigation bar includes the TMDb logo, links for Movies, TV Shows, People, and More, along with a search icon and a language dropdown set to EN. On the left, a 'Settings' sidebar lists options like Edit Profile, Account Settings, Streaming Services, Notification Settings, Blocked Users, Import List, Sharing Settings, Social Settings, Sessions, API (highlighted), and Delete Account. The main form area is titled 'API' with sub-tabs for Overview and Create. The form fields include: 'Type of Use' (a dropdown menu currently showing 'Education'), 'Application Name' (text input), 'Application URL' (text input), 'Application Summary' (a large text area), 'First Name' and 'Last Name' (text inputs), 'Email Address' (text input, pre-filled with 'samfu_1@yahoo.com'), 'Phone Number (no parenthesis or dashes)' (text input), 'Address 1' and 'Address 2' (text inputs), 'City' and 'State' (text inputs), 'Zip Code' (text input), and 'Country' (a dropdown menu currently showing 'United States of America'). A blue 'Submit' button is located at the bottom of the form.

7. Fill in the form with the following details:

Type of Use: Education

Application Name: Homework 1

Application URL: <https://poloclub.github.io/#cse6242>

Application Summary: For Georgia Tech course CSE 6242 Data and Visual Analytics.
Fill in your personal details and complete the form.

Application Summary: For Georgia Tech course CSE 6242 Data and Visual Analytics

Fill in your personal details and complete the form.

8. Once you have submitted the form, you should be able to see your API key under the same API tab.

The screenshot shows the TMDb website's API settings page. The top navigation bar includes the TMDb logo, links for Movies, TV Shows, People, and More, along with a search icon and a language selector set to EN. On the left, a 'Settings' sidebar lists various account options, with 'API' highlighted in blue. The main content area is titled 'API' and includes tabs for Overview, Details, Directory, Sessions, and Stats. The 'Overview' tab is active, displaying introductory text about the API service, links to documentation and support forums, and sections for API details and the app directory. At the bottom of the main content, the 'API Key (v3 auth)' is displayed in a grey box as '50a0ea78f205eb86f693b29a63e783cf'. Below this, an 'Example API Request' is shown in a grey box as 'https://api.themoviedb.org/3/movie/550?api_key=50a0ea78f205eb86f693b29a63e783cf'. Finally, the 'API Read Access Token (v4 auth)' is displayed in a grey box as a long alphanumeric string.
